# Milk Magic - Display Options

Flavored Straws for Milk

Milk Magic straws flavor milk as you sip. As milk passes by the flavor beads it adds flavor and color to the milk. This creates a magic experience that **increases consumption**. Milk Magic can be used with any type of milk. Portion controlled, and with less calories and sugar added than other flavored milks, Milk Magic is the healthiest and easiest way to flavor your milk.

# Water Magic - Display Options

Flavored Straws for Water

Water Magic straws flavor water as you sip. After dipping your straw in water and taking a sip the flavor beads are activated, and the effervescent tabs start to add bubbles. This makes drinking water an experience. Water Magic is flavored hydration, conveniently fun. **Hydration is important to your health**, and with Water Magic, it's easy to get hydrated and have fun doing so.

## Sip Smart - Line Extension

Flavored Straws for Milk

Sip Smart straws are DHA Omega-3 fortified. Adding DHA to your kids diet is now easy. By adding fun flavors and creating an experience around consumption, kids drink their milk and also get their **diet fortified with brain boosting DHA.**

DHA is critical to brain development and consuming DHA consistently helps with brain health long term. Prescribed in prenatal vitamins and added in baby formula, DHA is the #2 most recommended nutrient by doctors.
